

Optellen en aftrekken met hele tientallen en honderdtallen**1. Optellen en aftrekken met hele honderdtallen:**

$233 + 100 = \underline{333}$ $369 + 400 = \underline{769}$ $149 + 500 = \underline{649}$ $762 - 200 = \underline{562}$ $375 - 100 = \underline{275}$

$425 + 300 = \underline{725}$ $734 + 100 = \underline{834}$ $281 + 200 = \underline{481}$ $927 - 700 = \underline{227}$ $491 - 300 = \underline{191}$

$638 + 200 = \underline{838}$ $576 + 200 = \underline{776}$ $853 - 300 = \underline{553}$ $531 - 400 = \underline{131}$ $748 - 600 = \underline{148}$

$196 + 600 = \underline{796}$ $892 + 100 = \underline{992}$ $437 - 100 = \underline{337}$ $837 - 500 = \underline{337}$ $694 - 200 = \underline{494}$

2. Vul in, met hele honderdtallen:

$469 + \underline{400} = 869$ $427 + \underline{200} = 627$ $264 + \underline{500} = 764$ $537 - \underline{300} = 237$ $987 - \underline{800} = 187$

$159 + \underline{300} = 459$ $345 + \underline{400} = 745$ $385 + \underline{400} = 785$ $496 - \underline{100} = 396$ $675 - \underline{300} = 375$

$728 + \underline{100} = 828$ $581 + \underline{400} = 981$ $943 - \underline{300} = 643$ $729 - \underline{300} = 429$ $814 - \underline{300} = 514$

$349 + \underline{300} = 649$ $472 + \underline{100} = 572$ $861 - \underline{600} = 261$ $382 - \underline{200} = 182$ $738 - \underline{500} = 238$

3. Optellen met hele tientallen:

$478 + \underline{10} = \underline{488}$ $908 + \underline{70} = \underline{978}$ $748 + \underline{50} = \underline{798}$ $316 + \underline{70} = \underline{386}$ $658 + \underline{20} = \underline{678}$

$267 + \underline{20} = \underline{287}$ $483 + \underline{10} = \underline{493}$ $619 + \underline{80} = \underline{699}$ $267 + \underline{30} = \underline{297}$ $472 + \underline{10} = \underline{482}$

$533 + \underline{50} = \underline{585}$ $728 + \underline{60} = \underline{788}$ $937 + \underline{40} = \underline{977}$ $824 + \underline{50} = \underline{874}$ $837 + \underline{50} = \underline{887}$

$364 + \underline{30} = \underline{394}$ $371 + \underline{20} = \underline{391}$ $275 + \underline{20} = \underline{295}$ $183 + \underline{10} = \underline{193}$ $604 + \underline{90} = \underline{694}$

4. Aftrekken met hele tientallen:

$891 - \underline{50} = \underline{841}$ $834 - \underline{10} = \underline{824}$ $371 - \underline{60} = \underline{311}$ $473 - \underline{50} = \underline{423}$ $849 - \underline{30} = \underline{819}$

$843 - \underline{30} = \underline{813}$ $974 - \underline{50} = \underline{924}$ $187 - \underline{30} = \underline{157}$ $154 - \underline{20} = \underline{134}$ $572 - \underline{60} = \underline{512}$

$962 - \underline{40} = \underline{922}$ $839 - \underline{20} = \underline{819}$ $854 - \underline{40} = \underline{814}$ $938 - \underline{10} = \underline{928}$ $627 - \underline{20} = \underline{607}$

$857 - \underline{20} = \underline{837}$ $598 - \underline{70} = \underline{528}$ $395 - \underline{80} = \underline{315}$ $285 - \underline{70} = \underline{215}$ $165 - \underline{50} = \underline{115}$

5. Vul in, met hele tientallen. Voor elke juist opgeloste opgave krijg je één punt:

$223 + \underline{40} = 263$ $411 + \underline{70} = 481$ $459 + \underline{20} = 479$ $492 - \underline{90} = 402$ $372 - \underline{30} = 342$

$157 + \underline{10} = 167$ $673 + \underline{20} = 693$ $281 + \underline{10} = 291$ $673 - \underline{50} = 623$ $594 - \underline{30} = 564$

$539 + \underline{40} = 579$ $720 + \underline{60} = 780$ $378 - \underline{30} = 348$ 

$248 + \underline{50} = 298$ $365 + \underline{30} = 395$ $197 - \underline{30} = 147$ 

$429 + \underline{40} = 469$ $274 + \underline{20} = 294$ $483 - \underline{60} = 423$ 

$357 + \underline{30} = 387$ $146 + \underline{40} = 186$ $659 - \underline{30} = 629$ 

$164 + \underline{10} = 174$ $829 + \underline{70} = 899$ $174 - \underline{40} = 134$ 

$236 + \underline{50} = 286$ $111 + \underline{70} = 181$ $265 - \underline{60} = 205$ 

$681 + \underline{10} = 691$ $222 + \underline{30} = 252$ $352 - \underline{40} = 312$
