

Rechnen mit Zehner

1. Plusrechnen:

$$30 + 20 = 50$$

$$40 + 30 = 70$$

$$20 + 50 = 70$$

Rechne nun ohne Hilfe der Kugeln.

$$40 + 10 = 50$$

$$20 + 50 = 70$$

$$30 + 20 = 50$$

$$40 + 50 = 90$$

$$20 + 60 = 80$$

$$10 + 30 = 40$$

$$20 + 10 = 30$$

$$20 + 60 = 80$$

$$30 + 30 = 60$$

$$50 + 40 = 90$$

$$40 + 40 = 80$$

$$60 + 10 = 70$$

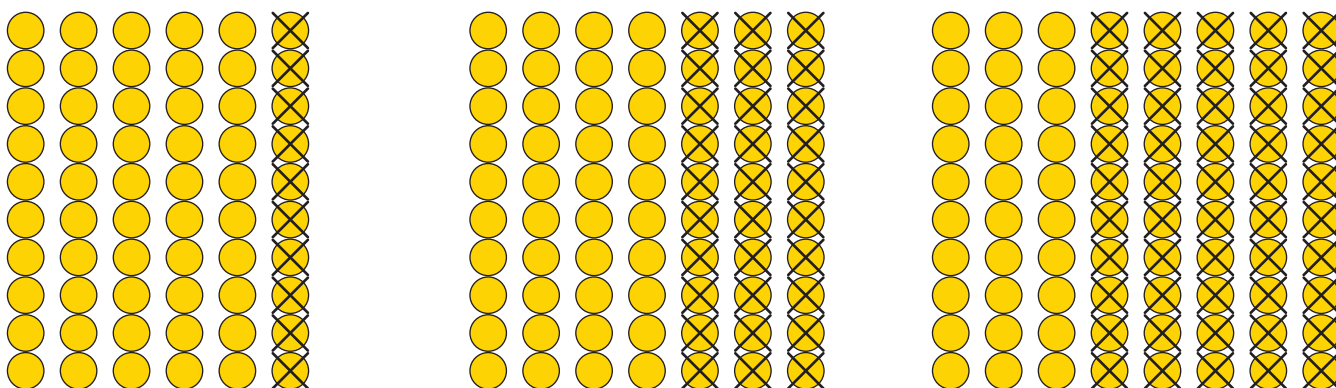

$$10 + 70 = 80$$

$$30 + 50 = 80$$

$$30 + 30 = 60$$

$$10 + 50 = 60$$

2. Minusrechnen:

$$60 - 10 = 50$$

$$70 - 30 = 40$$

$$80 - 50 = 30$$

Rechne nun ohne Hilfe der Kugeln.

$$70 - 20 = 50$$

$$60 - 40 = 20$$

$$70 - 20 = 50$$

$$50 - 40 = 10$$

$$60 - 30 = 30$$

$$50 - 10 = 40$$

$$40 - 10 = 30$$

$$80 - 60 = 20$$

$$80 - 70 = 10$$

$$90 - 80 = 10$$

$$70 - 30 = 40$$

$$40 - 10 = 30$$

$$90 - 40 = 50$$

$$70 - 0 = 70$$

$$60 - 40 = 20$$

$$90 - 50 = 40$$
