

Exercise seasons

The year has four seasons, winter, spring, summer and autumn.
Combine the pictures with the correct seasons by drawing lines.

The exercise consists of four seasonal labels and several corresponding images. Lines connect the labels to the images as follows:

- winter** (blue text) is connected to: a red winter hat, a snowman, a snow-covered landscape, and a Christmas tree with gifts.
- spring** (green text) is connected to: a campsite with a tent and trees, a tree with blossoms, and a rabbit with Easter eggs.
- summer** (yellow text) is connected to: a beach with an umbrella, a snowman, a child playing in leaves, and an ice cream cone.
- autumn** (brown text) is connected to: a tree with falling leaves, a sunflower, and a nut.
