

veel, hele tientallen

Reken uit en schrijf de som op.

$$5T + 4T = \underline{9T}$$

$$3T - 2T = \underline{1T}$$

$$8T + 1T = \underline{9T}$$

$$9T - 3T = \underline{6T}$$

$$50 + 40 = \underline{90}$$

$$\underline{30} - \underline{20} = \underline{10}$$

$$\underline{80} + \underline{10} = \underline{90}$$

$$\underline{90} - \underline{30} = \underline{60}$$

$$2T + 6T = \underline{8T}$$

$$8T - 5T = \underline{3T}$$

$$4T + 3T = \underline{7T}$$

$$7T - 5T = \underline{2T}$$

$$\underline{20} + \underline{60} = \underline{80}$$

$$\underline{80} - \underline{50} = \underline{30}$$

$$\underline{40} + \underline{30} = \underline{70}$$

$$\underline{70} - \underline{50} = \underline{20}$$

Hoeveel geld zit in de spaarpotten?
Tel bij elkaar op.

30 €

50 €

40 €

60 €

Bereken en
vul de
ontbrekende
getallen in.

$$40 + 10 = \underline{50}$$

$$\underline{60} + 10 = 70$$

$$30 + \underline{60} = 90$$

$$60 + 30 = \underline{90}$$

$$\underline{40} + 40 = 80$$

$$20 + \underline{50} = 70$$

$$20 + 20 = \underline{40}$$

$$\underline{10} + 50 = 60$$

$$10 + \underline{80} = 90$$

$$90 - 40 = \underline{50}$$

$$\underline{60} - 20 = 40$$

$$50 - \underline{40} = 10$$

$$30 - 10 = \underline{20}$$

$$\underline{80} - 30 = 50$$

$$90 - \underline{60} = 30$$

$$50 - 20 = \underline{30}$$

$$\underline{40} - 20 = 20$$

$$70 - \underline{30} = 40$$
