

Vermenigvuldigen met de getallen 1 tot 10

→ Reken uit en vul de ontbrekende getallen in.

$6 \times 4 = \underline{24}$

$8 \times \underline{9} = 72$

$\underline{3} \times 4 = 12$

$\underline{9} \times 6 = 54$

$3 \times 8 = \underline{24}$

$5 \times \underline{3} = 15$

$\underline{9} \times 9 = 81$

$7 \times \underline{8} = 56$

$7 \times 2 = \underline{14}$

$2 \times \underline{6} = 12$

$\underline{3} \times 6 = 18$

$5 \times 8 = \underline{40}$

$4 \times 4 = \underline{16}$

$7 \times \underline{3} = 21$

$\underline{5} \times 1 = 5$

$3 \times 9 = \underline{27}$

$6 \times 7 = \underline{42}$

$4 \times \underline{9} = 36$

$\underline{4} \times 7 = 28$

$8 \times \underline{8} = 64$

→ Kleur het vakje met het juiste antwoord in.

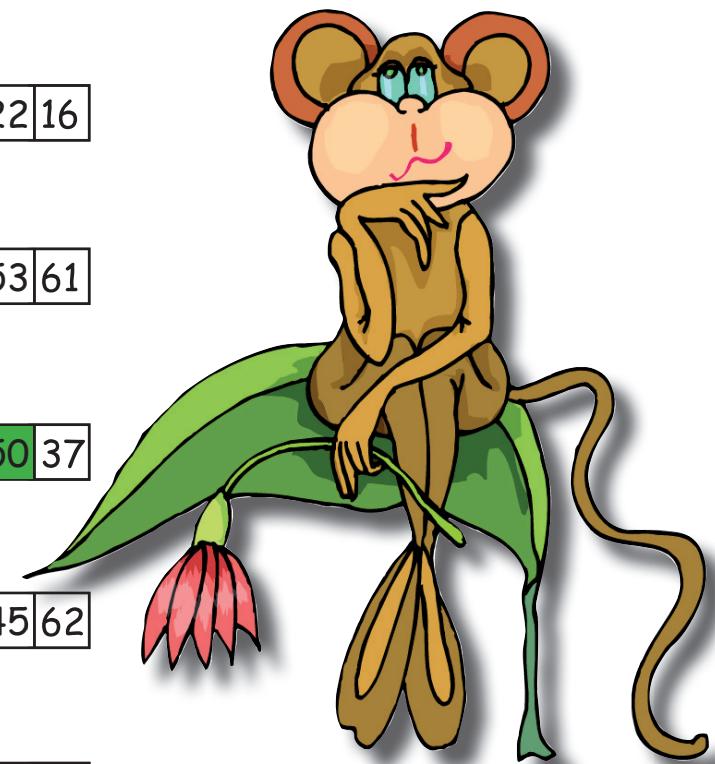

Voorbeeld: $3 \times 6 + 9 \times 4 = \underline{34} \underline{18} \underline{54} \underline{46} \underline{50} \underline{22} \underline{16}$
 $\underline{18} + \underline{36}$

$5 \times 7 + 2 \times 6 = \underline{96} \underline{47} \underline{49} \underline{26} \underline{45} \underline{53} \underline{61}$
 $\underline{35} + \underline{12}$

$8 \times 4 + 3 \times 4 = \underline{55} \underline{84} \underline{29} \underline{48} \underline{69} \underline{50} \underline{37}$
 $\underline{32} + \underline{18}$

$5 \times 6 + 8 \times 3 = \underline{51} \underline{27} \underline{71} \underline{54} \underline{47} \underline{45} \underline{62}$
 $\underline{30} + \underline{24}$

$9 \times 3 + 5 \times 5 = \underline{52} \underline{43} \underline{50} \underline{74} \underline{51} \underline{57} \underline{48}$
 $\underline{27} + \underline{25}$

→ Vergelijk de sommen en vul vervolgens = of ≠ in.

$4 \times 9 \underline{=} 6 \times 6$

$4 \times 7 \underline{\neq} 3 \times 9$

$8 \times 3 \underline{=} 4 \times 6$

$3 \times 8 \underline{\neq} 4 \times 7$

$9 \times 2 \underline{=} 3 \times 6$

$3 \times 2 \underline{=} 1 \times 6$

$5 \times 9 \underline{\neq} 6 \times 7$

$5 \times 7 \underline{=} 7 \times 5$

$5 \times 4 \underline{\neq} 7 \times 3$

$2 \times 8 \underline{=} 4 \times 4$

$3 \times 4 \underline{=} 6 \times 2$

$9 \times 6 \underline{\neq} 7 \times 6$

$8 \times 3 \underline{\neq} 2 \times 9$

$4 \times 9 \underline{\neq} 5 \times 6$

$5 \times 7 \underline{\neq} 8 \times 4$

$4 \times 9 \underline{\neq} 8 \times 5$
